SAME GREAT
LOCKS.
ONLY THE
NAME HAS
CHANGED.

NOTHING IS CHANGING
EXCEPT THE NAME.

Although the main range of Chubb Locks products will be changing, these changes **do not** affect Chubb Locks Custodial Services, who will continue to offer their comprehensive range of locking solutions for detention markets under the Chubb Locks name.

Your guide to the latest product updates.

FOR MORE INFORMATION SEE:

WWW.CHUBB-AT-HEART.CO.UK

To satisfy the requirements of UK home insurance policies, external timber doors on all residential properties must be fitted with at least one kite marked lock conforming to BS 3621:2007, such as the items marked in the table above.

ONLY THE NAME HAS CHANGED.

From August 2010, our industry leading high security products will no longer be offered under the Chubb brand and name. Instead, the same products will be offered under the UNION and Yale brands.

The range of products will be unchanged in every respect, and will offer identical levels of security to those offered by Chubb Locks. Here we are showing Chubb Locks products as they currently stand, and the new products that will supersede them.
