

CHUBB LOCKS
ARE CHANGING.
WELCOME TO
THE FUTURE.

Changes to the Chubb Locks
brand explained.

NOTHING IS CHANGING
EXCEPT THE NAME.

Although the main range of Chubb Locks products will be changing brands, these changes **do not** affect Chubb Locks Custodial Services, who will continue to offer their comprehensive range of locking solutions for detention markets under the Chubb Locks name.

NOTHING IS CHANGING EXCEPT THE NAME.

For almost 200 years Chubb has been a leading name behind the products insurers and Crime Prevention Officers know and trust, but in August 2010 that name will have to change.

We will continue to offer exactly the same products that protect homes and businesses throughout the world, but we will no longer be able to offer them under the Chubb brand.

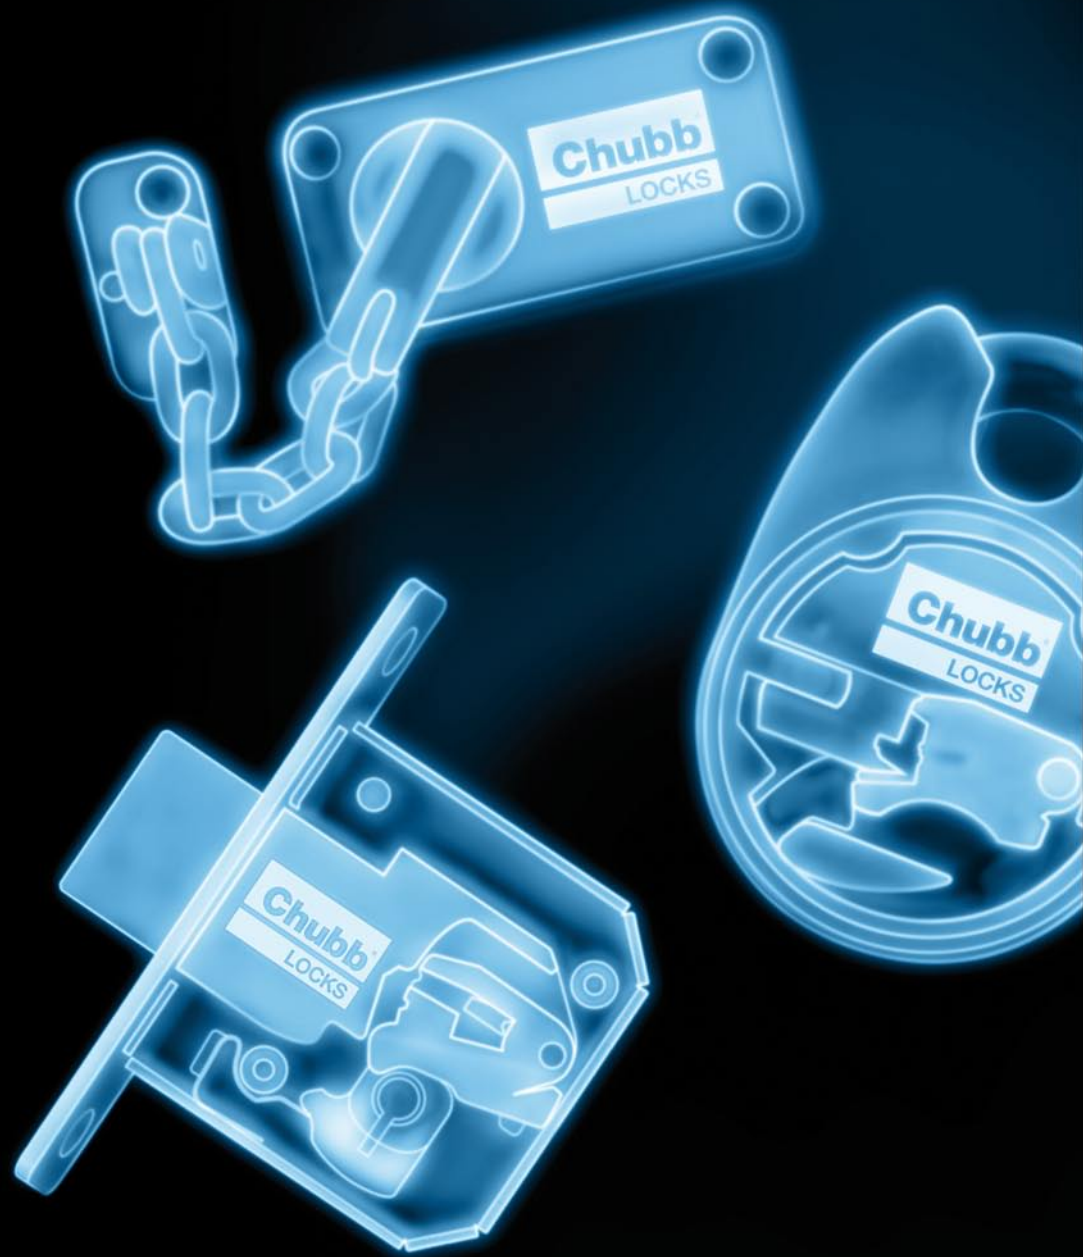

These same products will now be offered under ASSA ABLOY Group's UNION and Yale brands instead.

We are totally committed to continuing to provide the same exemplary quality of product and service that has inspired the highest level of trust and confidence in the Chubb Locks name.

Welcome to the future.

STILL A CHUBB AT HEART.

From August 2010, our industry leading high security products will no longer be offered under the Chubb brand and name. Instead, the same products will be offered under the UNION and Yale brands.

The range of products will be unchanged in every respect, and will offer identical levels of security to those offered by Chubb Locks. Here we are showing some of the most popular Chubb Locks products as they currently stand, and the new products that will supersede them.

In nearly all cases, the same product code will be used, so that specifying the high standards associated with Chubb Locks remains as simple as possible. In addition to these most popular choices, the entire range will be treated in the same way, and full details will be available to you as the products are released.
